

Alabama Girls Technical Institute Bulletin

Summer School
June 11 to July 23, 1919
PRELIMINARY
ANNOUNCEMENT

PUBLISHED QUARTERLY BY
Alabama Girls Technical Institute
Montevallo, Alabama

FOREWORD

This bulletin is issued as a brief preliminary statement concerning the summer school of the Alabama Girls Technical Institute for 1919 in order to let prospective students know the dates for opening and closing, courses of study offered, and charges for attendance. The full catalog will be published in March, and a copy will be sent to any address on request.

LENGTH OF TERM.

The Summer School will begin June 11th, 1919, and will close July 23rd, 1919. Rooms in the dormitory may be reserved in advance.

COURSES OF STUDY OFFERED.

Courses of Study will be given in

Agriculture, Biology, Bacteriology, Botany.

Art and Manual Training.

Bookkeeping, Stenography, and Typewriting.

General and Domestic Chemistry.

Education, including History of Education, Psychology, and Sociology—nine different courses.

English, including Grammar, Rhetoric, Composition, Literature, for Elementary Grades, High School, and College.

Geography, Alabama and United States History, Civil Government.

Home Economics, including Domestic Art, Domestic Science, also special courses for Vocational Home Economics in High Schools, Practice Housekeeping.

Music, including Special Piano Lessons, Public School Music, and Methods of Teaching.

Physics.

Physiology, Hygiene.

Physical Education, Playground Supervision, Special Rhythmic Exercises.

Reading, Spelling, Expression.

Full courses for extension of teachers' certificates without examination for first, second, and third grades.

Full courses for preparation for state examination for first, second, or third grade certificates.

Studies arranged for pupils desiring to prepare for admission to high school or college.

A. G. T. I. BULLETIN

College credits may be obtained in certain subjects. Full explanation may be obtained from the catalog. Write for copy.

Vocational Home Economics, teachers desiring to take Practice Housekeeping or Methods of Teaching Home Economics in the High School according to the Smith-Hughes Act requirements, should write in advance concerning these courses.

State Examinations for teachers' certificates will be held in the college chapel July 21st, 22nd, and 23rd.

WHO SHOULD ATTEND THIS SUMMER SCHOOL.

Teachers desiring to extend certificates.

Teachers desiring to prepare for state examinations.

Students wishing further preparation for admission to high school or college.

Students desiring to remove conditions in studies.

Students desiring to obtain college credit.

Teachers who wish to obtain higher preparation in various subjects as Mathematics, English, Science, Home Economics, Education, Physical Education, etc.

Those wishing to qualify to teach Vocational Home Economics as required by the Smith-Hughes Act.

Housekeepers and Homemakers.

Those wishing to prepare for Bookkeeping, Stenography or Typewriting.

Those wishing Special Music and Art courses.

SPECIAL ATTRACTIONS.

Montevallo is a most delightful place for a Summer School—high altitude, pleasant climate, splendid health record, large swimming pool, tennis courts, extensive athletic grounds, shady groves, excellent dormitory; dining room service unexcelled.

NEW FEATURES.

Practically all of the courses that were offered last year will be presented again in the 1919 term.

On account of the great interest being taken in Vocational Home Economics, special new features for this work will be given, as follows:

1. Outline course for High Schools and special methods for teaching it.

2. Course in General Vocational Education.

3. Practical Housekeeping—open only to teachers of Home Economics.

Credit allowed for these new courses for college.

A. G. T. I. BULLETIN
